EXCITEMENT EXTRAORDINARY!

Unchecked Boom In Business.

CROWDS OF MEN, WOMEN AND CHILDREN

—Through our Store daily, all Anxious to Secure some of the—

GREAT BARGAINS IN EVERY DEPARTMENT.

We now commence our second year's business in Stanford. The past has been a year of unprecedented Success, our Sales having run Far Beyond our Expectations, notwithstanding many predicted for us utter failure; said a strictly cash business could not be carried on in Stanford successfully. But we intend to greatly disappoint all such.

Our Business Increase.

To one unacquainted with our sort of business it may seem strange that there has been anything in the season just past or in that of the present to warrant the enlargement of our facilities with the expectation of any great increase of trade; but while we know the general cry during the past season to have been one of "dull trade,"

We are Plowing Right Ahead,

—Believing that—

Our Original Business is the Kind that will Win Favor,

Whether times be good or bad. S. L. Powers has just returned from New York City, where he bought a great many very desirable

Goods for Spring and Summer Wear,

—The greater part of them at—

Less than One-Half Real Value.

He also made arrangements with one of the best buyers in the city to look out for Bargains.

We will Receive Goods Every Week during the Season,

Direct from New York auctions and Sheriffs' Sales, thereby always having something new, at prices Guaranteed

From 25 to 50 per cent. Lower than Elsewhere.

Some of our competitors cry "Auction and shoddy goods," and instead of hurting our trade, as is their intention, merely help to advertise us. We do not deny buying Auction Goods and plenty of them, but we claim to

Keep as Good a Stock as Any one in town.

If we have anything that is in any way imperfect, the imperfections will be shown you before you buy. Any goods after due examination not found as represented, money will be cheerfully returned.

Our Terms are Strictly Spot Cash

To one and all. You are invited to call and see how many more goods you can buy for your dollar here than elsewhere.

W. P. WALTON.

Anent Mr. Blaine's Card.

Our columns are always open to an honest man who desires to be heard upon a question of public interest, however narrow or puerile his views may be. We therefore publish Mr. Blaine's card "to the voters of Lincoln county" in to-day's issue, and our only regret about the matter is to find so clever a gentleman, occupying such a wrong-headed and illiberal position regarding a question of general concern.

Does Mr. Blaine, or any intelligent person, for that matter, really believe that the only or the chief benefit to this county to be derived from the building of the Chesapeake and Nashville road—a great trunk line from the south west to New York, Philadelphia, Washington and the Virginia port on the Atlantic which would double our wealth and population in five years—is the mere tax to be derived from a county levy on its road-bed? If he does, or if it were true, then his cheese paring argument as to the possible expense to the county of \$7,000 or \$8,000 to obtain it might have some relevancy or weight. Does he really believe that the court's dictum in the Topeka case has any great or pertinent reference to the proposition before us, which is simply whether or not we can afford to treat with contemptuous discourtesy the projects of a great public enterprise which no one doubts will be of the greatest public benefit? If he does he should in common consistency be opposed to the taxation of the people of the county for aid to turnpikes and public roads. Yet neither honor any one else has ever been heard to object to this wise and beneficial expenditure of the public money. "To lay with one hand the power of the Government on the property of the citizen and with the other bestow it upon favored individuals, to aid private enterprises and build up private fortunes, is none the less robbery because it is done under the forms of the law and is called taxation." We are not lawyer enough to dispute with Mr. Blaine on a question of authority. But isn't he mistaken as to the animus, the motive of this vigorous sentence? It hardly reads to us like a denunciation of a public spirited effort on the part of a local community to avail itself of a great, a dazzling opportunity such as this road offers us. It rather sounds like the indignant expression of an honest man's opinion of the tariff to protect American industries, which we understand has Mr. Blaine's hearty approval.

But we do not propose any extended comment on what we are forced to regard as an ill timed and ill-advised production. We merely wish to call attention to two or three points which seem to us destructive to Mr. Blaine's argument even on the narrow basis he chooses to place it on. The proposition is to purchase a right of way through the county not exceeding \$25,000 in cost. Mr. Blaine assumes that it will cost the full amount. But the best considered estimates do not place the cost beyond \$15,000. 15 miles of road 75 feet wide will take 133 acres, the actual value of which at a high estimate would be \$50 per acre or \$6,650. Add as much more for incidental damage, which when the county and not a foreign corporation has the bills to settle is also a liberal estimate and we have even less than \$15,000. Again "Mr. Blaine assumes that our bonds could only be floated at 6 per cent. The truth is they can easily be floated at 5 per cent. and at par.

Again the exact language of the proposition submitted and of the act of the Legislature by virtue of which it is submitted is that the right of way when acquired is to be disposed of by the county, "to the railroad company upon such reasonable terms and in such manner as to compensation as may be agreed upon by said county through its commissioners and said railroad company," and these commissioners are to be appointed by the county court composed of all the justices of the peace and the county judge.

Yet Mr. Blaine, who is clerk of the county court, wrote these words in his order book and copied them again for publication, assumes that the right-of-way, which we simply propose to sell to the railroad, is to be given to it outright. Comment upon the value or candor of such a plea is wholly unnecessary.

We understand that a committee appointed by the railroad meeting and consisting of quite a number of prudent, sagacious and public spirited citizens from all parts of the county, will shortly present the whole matter, fairly and dispassionately in an address to their neighbors and friends of Lincoln county. When our people clearly understand the purpose and scope of the proposal on which they are soon to vote we can not believe that there will be any serious opposition to it. This because we live in an enlightened and progressive age and because our people are on the main, an enlightened and progressive people.

In the mean time and in the most kindly spirit, we beg to remind Mr. Blaine and those who believe with him of the tragical fate of the traditional bull which attempted to butt the train off the bridge. He was a brindle bull of the true Albany breed with a curly forehead and a hump all, and was as brave as a lion, but he was brought in the light of subsequent events, to have been lacking in discretion.

Mosby, the renegade Confederate General is succeeded at Hong Kong by Gen. Withers, who did not sell himself for \$100.

It gives us pleasure to inform his friends and no man ever had truer than Hon. M. J. Durham, of the good work he is accomplishing as First Controller of the Treasury. He has made many marked improvements in his department, but none will meet with greater approbation than that made this week. It has been held therefore that the accounting officers of the Treasury had no right to revise the accounts of Chief Supervisors as to the amount and character of work to be done. The question came before Mr. Durham in the case of William Muirhead, Chief Supervisor of New Jersey, and the decision was that the accounts could be revised, and all illegal or unnecessary items disallowed. In the case of Mr. Muirhead over \$9,000 was disallowed.

THE war cloud is gathering thick and heavy in the old world and an outbreak is threatened daily. It must of necessity be a terrible struggle; many hearts will ache; many be killed outright and many will be wounded to live a life worse than death, but the average speculator cares for none of these things, they are bound to put money in his pocket. The farmer too will reap a rich harvest from the seas of blood that will flow.

LEXINGTON would honor herself by electing John O. Hodges to the Legislature. He is a true and capable man with no tinge of the demagogue in him. Hon. James H. Mulligan is a bright and eloquent fellow, but some of his actions in the last Legislature did not particular impress us with the entire absence of certain peculiar traits of the politician.

THE Winchester Sun thinks that naming a Jackass or an editor, Jumbo, is harder on the distinguished elephant which bears the name, than on the pair of Jessamine animals which now claim it. Brother Bosley is generally pretty level-headed, but we think he is lacking in discretion in making this remark. Jumbo Metcalf is a terrible man when aroused.

THE Peak family of the Swiss Bell Ringers are having their lives unnecessarily prolonged, considering the infliction they have visited on the public in the long years of the past. The senior member of the family celebrated his 77th birthday at Williamsburg, N. Y., this week and there are several nearly as old.

W. P. KIMBALL, who was elected to the Legislature on a voluntary promise to vote for Gen. Williams and by the aid of his money but who afterwards, bolted and went for Blackburn, is catching such epithets as "liar and slanderer" from Col. A. W. Hamilton who furnished the money. We hope there'll be a fight.

Gov. KNOTT very sensibly says that so long as Viley remains a refugee from justice he will take no cognizance of any petition for his pardon that may be presented to him. He will take action, however, when Viley places himself inside of the pale of law. Eminently correct is the Gov.

The dinner was an elegant repast greatly enjoyed by all. Col. Swope expects to sail from New York for Europe on the 30th of June next. His tour will embrace Europe, Egypt and the East and may extend through a period of three years.

—The commencement exercises of Garrard Female College will be held at the City Hall commencing Thursday, June 4th. The Garrard Female College was opened the 15th day of last September and at the close of the present term will turn out six sweet girl graduates. The other members of the graduating class are: Miss Bertie Collier, of this city; Miss Emma Lewis, of Vail, Bath county; Miss Lida Bowen, of Ruddle's Mills, Bourbon county and Miss Emma Browning, of Mason. The commencement sermon will be delivered at the Christian church the last Sunday in May, by whom, it has not yet been decided. The citizens of Lancaster and Garrard county are justly proud of the above institution and point with pride to this, the result of the first year.

—Mr. Rolla Ryan is a ventriloquist, a character actor and a facial contortionist of some reputation. Mr. Ryan came in on the stage Wednesday evening for the purpose of exhibiting himself at the City Hall Thursday evening, but seemingly forgetting the date exhibited himself Wednesday evening instead. He was very drunk and went to the Lancaster Hotel to engage a room. Mr. W. S. Miller, the proprietor, assured him there wasn't a single room vacant in the hotel, but Mr. Ryan was certain there was and proceeded at once to abuse Mr. Miller in the vilest kind of manner. The latter ordered him out of his house and on Ryan's refusing to leave promptly knocked him down. After this operation Mr. Ryan's features assumed a shape he had never before been able to get them into. He left the hotel and walked around the street returning in a few minutes with his hand behind him, presumably on a pistol. Mr. Miller saw him coming and covered him with his pistol. It looked for a moment as if something was going to drop, but some one grabbed Ryan and took him away. The latest heard of him he was shaking the dust off his feet walking out of town.

—Mr. Jesse D. Dyer related the following singular occurrence. Mr. Dyer is reliable and no question can be raised as to the correctness of the account. On the farm of William Hiett, near Hyattsville, in this county, is a large pond, which was, a few years ago, well stocked with German carp. One day last week Mr. Dyer went over to this pond to shoot some of the fish. He took his station on the east side of the pond, and soon killed several very fine ones as they came to the surface to sun themselves. The weapon used was a double barreled shot-gun. After some five or six shots were fired, Mr. Dyer noticed a singular agitation of the water on the west side of the pond where there is a slight drain. This agitation finally grew to be a terrible commotion, and Mr. Dyer hastened to that side to see what was the matter. He discovered that a panic, caused no doubt by the shooting, had seized the fish and they were forsaking the pond in large numbers by way of the drain mentioned. That drain only extended for a short distance, and there the fishes actually pursued their way across the grass, their tails stuck straight towards the woods. Mr. Dyer ran around in front of them and after much difficulty succeeded in heading them off and driving them back into the pond. He says there were no less than 250 carp, varying in size from one to three feet in length that were attempting to effect their escape. Mr. Dyer warns all farmers having ponds containing carp not to shoot into the water, since he believes it will surely result in the fishes abandoning their home. He says he was greatly astonished at the ease and celerity with which these fish moved along on dry land.

THE more railroads we have the more turnpikes. We would almost be willing to guarantee that if the C. & N. is built through this county the Somerset turnpike will be built to the Pulaski line.

I HAVE some accounts of 1884, still unpaid and also some of 1885 for clover, timothy and oats, which should always be cash as they are handled on a close margin and we have to pay cash. I never ask my trade for money unless I really need it, and I ask all whom this includes to please come and settle. With thanks for patronage, W. H. Higgins.

THE lectures of E. C. Cline, which are illustrated with stereoscopic views of places and people in the holy land, are intensely interesting and the church was crowded prior to the demand of an admission fee. The charge is now only 50 cents for three nights and surely none should object to paying when he gets many times the value of his money. The crowds are good, however, but there is no crowding as under the free rule. Mr. Cline's singing is a charming feature and more of it would be highly acceptable to all. The lectures close to-night. A single admission is but 25 cents.

BEAUTIFUL Flower Pots at T. R. Walton's.

WANTED.—50,000 lbs. of wool. A. T. Nunneley.

Wood and velvet frames cheap at Shaffer's gallery.

LAST CALL.—All indebted to us for 1884 will please call and settle at once, as we are in urgent need of the money. Also we will have to ask of our friends who have bought seeds and oats on credit to please call and settle, as these are cash goods everywhere. Bright & Curran.

OUR enterprising merchant, Mr. S. L. Powers, scooped in a page of the INTERIOR JOURNAL too late for us to issue a double sized paper this time but we will come out Tuesday enlarged to a 48 column issue so that our patrons will not lose their usual quota of reading matter. It costs us fully \$35 extra to print an edition doubled in size, but that is nothing compared with our contract with our subscribers.

OUR old friend, Capt. W. R. Snodgrass, is so handsome and lovable that the girls claim him for a husband whether or no. Mrs. Ruth Miller, of New York, is now in Louisville claiming that she is Snoddy's wedded wife but he disclaims as vigorously that she is not. Her story is that while returning from the South in bad health, fortune threw her in the company with the gallant Captain, who not only showed her every courtesy on his train but saw to her after her arrival in Louisville. After her return to New York she says that she indicted a very thankful missive to Snoddy, who replied in loving terms and an affectionate correspondence progressed for several months. He visited the great metropolis and while there, according to the woman, she yielded to his entreaties to become his wife. The Capt. denies the soft impeachment and the woman has instituted legal steps to compel him to acknowledge her right to his name.

—The Louisville races will open on May 14th and continue ten days. There will be forty two races with seven hundred and fifteen entries.

—W. F. Hodkin sold Mr. Cork 20 head of 1,050 lb. cattle at 5½ cts; to Fielding Watts 12 head, 850 lbs., at \$5.35; to Asa Burrow 18 head, 1,250 lbs., at 5½ cents. —[Winchester Sun.]

—The Three Forks Enterprise says that during the rise of Sunday the 18th, 765 rats containing 66,000 legs, passed Beattyville in two days. There were 2,600 men in charge of them.

—The Louisville tobacco market on Burley is quoted as follows: Dark trash \$3@4; color trash \$4@6; common lugs \$4.50@5.50; bright color lugs \$6@8; common leaf \$6.50@7.50; medium to good leaf \$7.50@9.50; medium to good leaf color \$9.50@13; fine leaf \$13@18.

—Dale & Dennis have purchased about 20,000 pounds of wool at 18 to 20 cents. —[Georgetown Times.]

—WINCHESTER COURT DAY.—About 600 head of cattle on the market, sales good. An extra lot of 1,215-lb. cattle brought \$5.76 per cwt; good yearlings from \$35@40 per head; scrubs averaged from \$3.50@4 per cwt; trade dull in mules; 50 head of horses sold at from \$30@60. The crowd very large and business more satisfactory than for some time.

HALLS GAP, LINCOLN COUNTY.

—Mrs. Jno. Ball is very low with consumption.

—Most of the lumber for the new church building is now upon the ground and it will soon be under process of construction.

—Jas. H. Boone is negotiating with a photographic firm, preparatory to having his picture placed in the gallery of "possible presidents."

—Mr. S. L. Ware left Wednesday to visit his daughter, Mrs. Kendall, at Junction City.

—We were most delightfully entertained Friday evening last at a social party given at Mr. Jas. Dudder's. The ladies were all very becomingly attired and could not be excelled in vivacity, brilliancy, beauty and all other requisites necessary to call forth the admiration of men. We desire very much to express our many thanks and at the same time our appreciation of the entertaining qualities of the host and hostess. May we sometime have a repetition.

MT. SALEM, LINCOLN COUNTY.

—Mrs. C. L. Holmes, of Louisville, will visit friends here about the 5th of May.

—Died last week, Mr. William Linthicum, aged about 80 years. Mr. Linthicum had been in a low state of health for sometime. He was a good citizen and leaves many friends and relatives to mourn his loss.

—The writer, in company with W. C. Richards, and the two champion dippers, Sam Leeper and Morg Bastin, was on a fishing expedition below Roy's mill on last Friday night and Saturday morning and caught a large amount of fine fish.

—C. L. Holmes, of Middleburg, has sold out to Messrs. Collinsworth & Cotton, of Boyle county. They are two energetic business men and are likely to make things lively around the town. As for C. L. Holmes he appears to be like a ship without a rudder at the mercy of the reckless waves. It is possible he may resume his grip and take the road again (not as a highwayman but as a drummer) Lou has been so long in this section he seems almost as an established institution; his general face will be sadly missed. But we are assured that his absence will only be temporary. Wherever he may go there are fascinations about the place which will lure the wanderer back again.

—William Lipe, a young man aged about 25 years, was taken to the lunatic asylum from Liberty by his father a few days since. While gloomy and despondent he exhibited no violence. There appears to be a prejudice in the minds of many and we think with just grounds against the manner of treatment in lunatic asylums generally. Cases have been known to have been sent there which turned out fatally and afterwards was proven to be other diseases, which might have yielded to skillful nursing and treatment at home. From the writer's own medical reading young Lipe had many of the symptoms of hypochondria. We think all parents should pause before sending their offspring to such institutions, and be satisfied that they are unmanageable and it is their interest to send them there.

MCKINNEY, LINCOLN COUNTY.

—The little girl of Mr. Jas. Allen was run over by a rockaway a few days ago, but fortunately escaped with only a few bruises.

—The twin baby girl of W. B. Gooch has been seriously ill for the past week, but we are glad to know that she is now improving.

—L. F. Sharp, late of Hustonville but now a resident of this place, is remodeling and improving the Commercial Hotel, of which he is owner.

—A number of farmers near here have been quite unfortunate lately in having their sheep and lambs killed by dogs. K. L. Tanner and Wm. Coffey being the heaviest losers. Two of the dogs were identified and killed.

—Our little town has greatly improved within the last year. It now consists of two churches, seven stores, flour mill, tobacco barns, two hotels, an undertaker, and a first-class livery stable. The spoke business is on a boom here at present and this branch of business has advanced considerably within the past month.

Wayne's Candidate for the Legislature. (To the Editor of The Interior Journal.)

MONTICELLO, April 27.—Allow me to report that the democrats of our county met in convention and nominated William L. Hall as their standard bearer in the next legislative contest. Mr. Hall is a young man of fine attainments, mentally and socially, and will be quite an acquisition to our next legislative assembly.

J. W. SALLIE.
